

She obtained her post-graduate degrees in 2004 and 2005; these were the MMed (O&G) Singapore and membership in the Royal Australian and New Zealand College of Obstetrics and Gynaecology. She is currently an Associate Consultant with NUH.

In addition to her clinical role, she also holds a post as a Research Fellow with the Yong Loo Lin School of Medicine, NUS. Her research interests range from Breastfeeding Medicine to Stem Cells and Fetal Gene Transfer.

DR CLAUDIA CHI
Consultant

MBBS (London), MD (London), MRCOG (UK)

Dr Claudia Chi obtained her medical degree from Imperial College London, UK, in 2000. She completed her specialist training in Obstetrics and Gynaecology in London.

She is a member of the Royal College of Obstetricians and Gynaecologists (RCOG) and an accredited specialist in Obstetrics and Gynaecology in the UK and in Singapore.

Her special interests include maternal medicine and high risk pregnancy. During her specialist training in London she completed the RCOG Advanced Training Skills Modules in Maternal Medicine and Advanced Labour Ward Practice. She also holds the diploma of the Faculty of Sexual and Reproductive Healthcare (DFSRH).

She was awarded her MD by University College London, University of London, for her research work in women with bleeding disorders and non-invasive prenatal diagnosis of haemophilia through analysis of free fetal DNA in maternal blood.

GYNAECOLOGIC ONCOLOGY

A/PROF JEFFREY LOW
Senior Consultant
Head of Division

MBBS (S'pore), MMed (O&G S'pore), FRCOG (UK), FRANZCOG (Aust-NZ), FAMS

A/Prof Jeffrey Low is the Head of the Division of Gynaecologic Oncology and Senior Consultant in the Department of Obstetrics & Gynaecology and the National Cancer Institute Singapore. He graduated from NUS in

1987, obtained his specialist qualifications in 1993, and underwent subspecialty training in Australia from 1997-1999.

Dr Low's interests are in pre-invasive disease, radical surgery, lymphoedema and the organisation of multidisciplinary care for women with gynaecologic cancers. His research includes ovarian cancer molecular biology, novel therapies, HPV vaccines and spectroscopy for cervical screening.

As the President of the SCCPS in 2006, Dr Low initiated collaborative work between the WHO-IARC and Singapore for the screening and prevention of cervical cancer in rural South India.

A/PROF A ILANCHERAN
Senior Consultant

MBBS (S'pore), MMed (O&G S'pore), MRCOG (UK), FRCOG (UK), MD (S'pore), FAMS

A/Prof Ilancheran completed his basic MBBS degree in Singapore. He did his traineeship in Obstetrics & Gynaecology in the University Department at the KK Women's Hospital. He obtained his MMed (O&G) in 1978 and his MRCOG in 1979. He then completed two years of fellowship in gynaecologic oncology in the USA, UK and Taiwan between 1983 and 1985. He obtained his MD thesis in 1992.

His current practice includes all areas of gynaecological cancer, especially surgical management of advanced disease.

DR JOSEPH NG SOON YAU
Senior Consultant

MD (USA), FACOG (USA), FAMS

Dr Joseph Ng is an American Board Certified Gynecologist - Obstetrician. He completed his basic medical training at Loma Linda University School of Medicine and completed his residency in Obstetrics and Gynaecology at The Reading Hospital and Medical Center, in the USA.

Dr Ng also has a special interest in caring for women living with pre-cancerous and cancerous conditions. He is a founding member of the GRACES gynaecologic robotic surgery programme at NUH at which he regularly operates and teaches. His practice welcomes all women seeking gynaecologic care, robot-assisted gynaecologic surgery and provides obstetric care for all expectant mothers.

DR IDA ISMAIL-PRATT
Associate Consultant

MBChB (Glasgow), MRCOG, BSCCP, DFSRH

Dr. Ida Ismail-Pratt graduated from Glasgow University in 1997 and obtained her specialist qualifications (MRCOG) in 2010. She had 14 years experience working in obstetrics & gynaecology in the United Kingdom and has come over to join the NUH Gynaecology Oncology Team working in particular in cancer screening and prevention.

Apart from being a specialist in obstetrics & gynaecology, she is also a United Kingdom accredited colposcopist working within the NHS Cervical Screening Programme. Her interests are pre-invasive disease, cancer screening and prevention including multi-disciplinary approach to care of women with pre-invasive disease.

DR PEARL TONG
Associate Consultant

MBBS (Singapore), MRCOG (UK), M.Med (O&G)

Dr Tong is a graduate of the Faculty of Medicine, National University of Singapore (NUS). She also has a Masters of Medicine (O&G) from NUS and is a Member of the Royal College of Obstetricians and Gynecologists, UK. She has been dedicated to raising the bar in women's healthcare delivery since she started her medical training.

Her passion in caring for women living with cancer and operative gynaecology has led her to pursue a Fellowship in Gynecologic Oncology. An advocate for cancer prevention, she also sits on the Council of the Society for Colposcopy and Cervical Pathology, Singapore (SCCPS).

BENIGN GYNAECOLOGY

A/PROF FONG YOKE FAI
Senior Consultant
Head of Division

MBBS (S'pore), MMed (O&G S'pore), MRCOG (UK), FRANZCOG (Aust/NZ), FAMS

Dr Fong is the Head of the Benign Gynaecology Division in the Department of Obstetrics and Gynaecology, NUH. He obtained his postgraduate qualifications in 1998 and for further specialisation he trained under world -renowned laparoscopic surgeon Alan Lam in Sydney. Since returning to NUH, he has been the lead-surgeon in laparoscopic surgery.

His interest is in gynaecological conditions such as endometriosis, fibroids, pelvic floor reconstruction as well as the use of microsurgical techniques. He has conducted numerous endoscopy workshops and has been an invited speaker to both international and local meetings. He is the Programme Director of the Minimally Invasive and Robotic Surgery Division in the department and he set up the team that performed the region's first robotic-- assisted surgery for endometrial cancer.

PROF KULDIP SINGH
Senior Consultant

MBBS (S'pore), MMed (O&G S'pore), MD (S'pore), FRCOG (UK), FAMS, MA (Population Research, Exon)

Prof Kuldip completed his basic MBBS degree at the National University of Singapore in 1977. He obtained his MD from NUS in 1990. He has been in the Department of Obstetrics and Gynaecology, National University of Singapore since 1980 and he obtained his MRCOG (UK) and MMed (O&G) in 1983.

His current practice includes all areas of general obstetrics & gynaecology. He has a special interest in Fertility Regulation and Family Planning, having obtained a MA in Population Research with Distinction from the University of Exeter, United Kingdom.

DR WINNIE WUN
Senior Consultant

MD (Can), MRCOG (UK), FRCOG (UK)

Dr Winnie Wun obtained her MD from the University of Ottawa, Canada, in 1972, her MRCOG (UK) in 1977, and her FRCOG (UK) in 1990. She was trained in Obstetrics and Gynaecology in Kandang Kerbau Hospital and practised there and in NUH, and in various private hospitals in Singapore. She has since returned to full-time practice in NUH.

DR NG YING WOO
Consultant

MBBS (S'pore), MRCOG (UK), MMed (O&G S'pore)

Dr Ng holds a Bachelor of Medicine and a Bachelor of Surgery from the National University of Singapore. He has completed his specialist training and is currently working as a Consultant at the National University Hospital.

Dr Ng is also a clinical tutor for the medical students at the National University of Singapore. His current practice at National University Hospital includes all area of general Obstetrics and Gynaecology. Dr Ng has a special interest in the areas of minimally invasive surgery.

UROGYNAECOLOGY & PELVIC RECONSTRUCTIVE SURGERY

DR ROY NG
Senior Consultant
Head of Division

MBBS (India), FRCOG (UK), MOG (UK), FAMS (S'pore)

Dr Roy Ng obtained his basic medical degree from the University of Mysore, India. He is fully registered with the General Medical Council, UK after passing the Scottish Triple Qualification examinations. He did his postgraduate training in Obstetrics & Gynaecology and Urogynaecology in UK. He started and was in-charge of the Urogynaecology Clinic at KK Hospital from 1993-1998, after which he has been in private practice.

Dr Roy Ng heads the Urogynaecology & Pelvic Reconstructive Surgery Division and attends to patients with urinary incontinence, frequency and urgency, difficulty with passing urine, urinary tract infections, bladder pain, painful sex and prolapse of the vagina, bladder, rectum and uterus. He treats such patients with a holistic combination of counselling, specialised investigations, conservative, medical and surgical treatments; performed mainly vaginally, including the latest minimally-invasive procedures.

**PROF YONG EU LEONG**

Head & Senior Consultant
Department of Obstetrics & Gynaecology
MBBS (S'pore), MMED (O&G, S'pore), MRCOG, PhD (S'pore)

Prof Yong, with more than 25 years in Obstetrics & Gynaecology practice, specialises in reproductive endocrinology, subfertility, and polycystic ovarian syndrome.

He has contributed significantly to the understanding and treatment of male/female infertility. His work has led to deeper understanding on how androgen receptor mutations and polymorphisms cause sexual reversal in XY individuals and low sperm counts in subfertile males.

One of Singapore's leading medical researchers, Prof Yong has won numerous awards. He authored/co-authored more than 200 papers, patents and abstracts. Currently, he leads a Consortium for Botanical Drug Development, a multi-disciplinary group that studies and develops drugs of herbal origin to pharmaceutical standards. He received a Ministerial Citation for his outstanding contribution to research on the genetics of human fertility by the National Science and Technology Board in 1999; and the Clinician-Scientist Investigator Award by the Singapore Biomedical Research Council in 2005.

REPRODUCTIVE ENDOCRINOLOGY & INFERTILITY**PROF P C WONG**

Senior Consultant
Head of Division

MBBS (Malaya), MMED (O&G, S'pore), FRCOG (UK), FAMS

Prof Wong completed his MBBS from the University of Malaya. He did his traineeship in Obstetrics & Gynaecology in the University Unit at the Kangang Kerbau Hospital in Singapore and obtained his MMed (O&G), MRCOG and FRCOG. His specialty is in reproductive medicine, in particular, infertility and assisted reproductive techniques.

**DR STEPHEN CHEW**

Senior Consultant

MBBS (S'pore), MMED (O&G; MRANZCOG)

Dr Stephen Chew graduated from NUS (MBBS) in 1987 and obtained his higher degrees in Obstetrics & Gynaecology (MMed O&G; MRANZCOG) in 1993.

Dr Chew has a special interest in gynaecological laparoscopic surgery for which he trained in France (1998) and has authored a book on laparoscopic surgery and advanced endoscopic suturing.

He is also a registered and trained IVF specialist who is actively involved in the care of subfertile patients at the Clinic for Human Reproduction.

**DR ANUPRIYA AGARWAL**

Consultant

MBBS (India), MRCOG (UK)

Dr Anupriya completed both her MBBS and postgraduate (MS) degree from the Kanpur University, India. She obtained her postgraduate qualification in Obstetrics & Gynaecology from the UK College (RCOG) in 2002.

Her main interest is in the field of reproductive endocrinology, including assisted reproduction as well as minimally invasive gynaecological surgery. Her current research interests are in the field of adolescent gynaecology and polycystic ovarian syndrome.

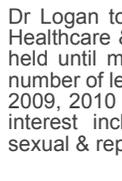

**DR SUSAN LOGAN**

Consultant

MBChB (Aber), MD (commendation), MRCOG (UK), MFSRH (UK)

Dr Logan completed her undergraduate & postgraduate medical training at the University of Aberdeen, UK. She obtained her Membership of the Royal College of Gynaecologists (MRCOG) in 1996. In addition to completion of specialist training in Obstetrics & Gynaecology, she was awarded the higher academic degree of Doctor of Medicine with commendation in 2003. She also completed subspecialty training in Sexual & Reproductive Healthcare & special skills training in Menopause Care. She obtained the Membership to the Faculty of Sexual & Reproductive Healthcare in 2007.

Dr Logan took up a position of Consultant in Sexual & Reproductive Healthcare & Honorary Senior Lecturer in Aberdeen in 2007 which she held until moving to Singapore in 2012. As a Consultant, she held a number of lead roles and was awarded the Clinical Excellence awards in 2009, 2010 and 2011. In addition to general gynaecology, her areas of interest include paediatric & adolescent gynaecology, menopause, sexual & reproductive health and sexual problems.

**DR LIM MIN YU**

Consultant

MBChB (Glasgow), MRCOG (UK)

Dr Lim graduated in medicine from the University of Glasgow. He remained in the West of Scotland to complete his specialist O&G training and is an accredited specialist on the UK General Medical Council specialist register. He was admitted to Membership of the Royal College of Obstetricians and Gynaecologists (RCOG) in London in 2005.

Dr Lim advocates woman-centred care, especially when preparing for and during pregnancy. He has special interests in Reproductive Medicine, Minimally Invasive Surgery and Urogynaecology. He is licensed to perform assisted reproductive techniques (ART) by the Ministry of Health, Singapore. He was trained at the Assisted Conception Services Unit at Glasgow Royal Infirmary and the Glasgow Centre for Reproductive Medicine, and also worked in the Southern General Hospital in Glasgow - the regional referral centre for Urogynaecology. Dr Lim completed the RCOG Advanced Training Skills Modules in Laparoscopic Surgery and Reproductive Endocrinology and Subfertility during his training in Scotland. He is also the Associate Programme Director for the NUHS Obstetrics & Gynaecology Residency Programme.

**DR SHAKINA RAUFF**

Associate Consultant

MBBS (S'pore), MRCOG (UK), M.Med (O&G), FAMS

Dr. Shakina Rauff graduated in medicine from the National University of Singapore. She completed her specialist training in Obstetrics and Gynaecology (O&G) in Singapore and obtained the Membership of the Royal College of Obstetricians and Gynaecologists (MRCOG) in 2011. She is an accredited specialist in Singapore.

Dr. Rauff currently works as an Associate Consultant in the Department of O&G at the National University Hospital and has been with us since 2006. She provides obstetric care to all pregnant women and gynaecological services for women of all age groups, providing a well-rounded general O&G care. Her special interests include Reproductive Medicine and Infertility and Minimally Access Surgery.

MATERNAL FETAL MEDICINE**PROF ARIJIT BISWAS**

Senior Consultant
Head of Division

MBBS (India), MD (AIIMS, India), MD (S'pore), MRCOG (UK), FRCOG (UK), FAMS

Prof Biswas obtained his basic MBBS degree from Calcutta University, India where he was awarded the Gold Medal in aggregate as well as in Obstetrics & Gynaecology and Pathology. He started his postgraduate training in Obstetrics & Gynaecology at All India Institute of Medical Sciences (AIIMS), India in 1981 and continued further advanced specialist training in UK from 1987. He obtained his MD in 1986 and MRCOG (UK) in 1989. He obtained the FAMS in 1999 and became a Fellow of the Royal College in UK (FRCOG) in 2001.

His current practice at NUH includes all areas of general Obstetrics & Gynaecology, heading the Maternal-Fetal Medicine Division of the department. His special interest is in the areas of prenatal diagnosis, antenatal ultrasound and high-risk pregnancies. He is currently also the Clinical Director of the department.

**A/PROF MARY RAUFF**

Senior Consultant

MBBS (S'pore), MMED (O&G, S'pore), MRCOG (UK), FRCOG (UK)

A/Prof Mary Rauff is an Associate Professor in the Department of Obstetrics & Gynaecology, Yong Loo Lin School of Medicine, NUS, and a senior consultant in NUH.

She is a graduate of NUS, obtained her MRCOG in 1976, Master of Medicine (O&G) in 1977 and her FRCOG in 1988. She joined the University Department of Obstetrics & Gynaecology, NUS in 1977 before going into private practice in 1990. She rejoined the University Department of O&G, NUS in July 2001 and has been working here since. Her main field of interest is in Obstetrics but she has continued to do general gynaecology as well.

**A/PROF WONG YEE CHEE**

Senior Consultant

MBBS (S'pore), MMED (O&G, S'pore), MRCOG (UK), FRCOG (UK)

A/Prof Wong obtained his basic medical degree from University of Singapore in 1974, and underwent training in Obstetrics & Gynaecology at the University Department of O&G between 1975 and 1978. He obtained his MMed (O&G) and MRCOG in 1978/79. He received his sub-specialty training in Maternal-Fetal Medicine & Ultrasonography in UK & US Centers, under the China Medical Board Fellowship scheme in 1983 and 1984.

He is currently practising as a Senior Consultant Obstetrician & Gynaecologist in NUH, supervising the technical clinical issues of the Fetal Care Centre. His special interest is in the areas of Antenatal Diagnosis, Ultrasonography in O&G, and menopausal management.

**DR CHUA TSEI MENG**

Senior Consultant

MBBS (S'pore), MRCOG (UK)

Dr Chua graduated from the NUS Medical School in 1985 and she underwent postgraduate training in O&G in the University Department of O&G, NUS. She obtained her MRCOG(UK) in 1991.

She became a member of the Royal College of Obstetricians and Gynaecologists in 1991. She was awarded HMDP Fellowship in 1994 and received subspecialty training in Fetal Maternal Medicine at the University of Edinburgh, UK.

Her special interest is in the field of fetal maternal medicine, diabetic pregnancies, prenatal diagnosis, antenatal ultrasound and general gynaecology. Currently she is a senior consultant at the National University Hospital and a clinical senior lecturer at the Yong Loo Lin School of Medicine, National University of Singapore.

**A/PROF CHONG YAP SENG**

Senior Consultant

MBBS (S'pore), MRCOG, MMED (O&G, S'pore), MD (S'pore), FAMS

A/Prof Chong graduated from NUS (MBBS) before starting his postgraduate training at the Department of Obstetrics & Gynaecology, National University Hospital in 1991. He obtained his MRACOG and MMED(O&G) in 1995. He received his advanced specialist training in the same hospital and became a Fellow of the Academy of Medicine, Singapore in 1998. A/Prof Chong was also conferred a Doctor of Medicine degree by NUS in 2006.

His current practice at the NUH includes general obstetrics & gynaecology as well as female and male sexual dysfunction. He is the consultant -in-charge of the Delivery Suite and has special interest in natural childbirth and breastfeeding.

**A/PROF MAHESH CHOOLANI**

Senior Consultant

MBBS (S'pore), MMED (O&G, S'pore), FAMS (S'pore), PhD (London), FRCOG (UK), FRANZCOG (Aus & NZ)

A/Prof Mahesh Choolani is an Associate Professor and Senior Consultant at NUHS, Department of O&G. A/Prof Mahesh sees both obstetrics & gynaecology patients, but his area of interest is in high risk pregnancy care and Fetal Genetics. A/Prof Mahesh completed his PhD doctoral thesis on non-invasive prenatal diagnosis at Imperial College, London, UK.

His principal areas of research are non-invasive prenatal diagnosis, fetal mesenchymal stem cells for intrauterine fetal therapy and early detection of epithelial ovarian cancer. He was awarded the NMRC Clinician Scientist Award to continue his research in the prenatal diagnosis field.

**DR VANAJA KALAIICHELVAN**

Senior Consultant

MBBS (Madras), MMED (O&G S'pore)

Dr Vanaja is trained in maternal-fetal medicine and was a clinical fellow at the St George's Hospital, London in fetal ultrasonography. She is a consultant of the Fetal Care Centre, NUH and jointly runs the O&G Diabetic Clinic.

She has a keen interest in the welfare of the junior doctors, of whom she is the overall supervisor. She is a Clinical Teacher (NUS) and participates in the education of undergraduates.

**A/PROF SU LIN LIN**

Senior Consultant

MBBS (Aust), MRCOG (UK), MMED (O&G S'pore)

Dr Su Lin Lin completed her basic medical degree (MBBS) at The University of Melbourne and graduated with an honours degree. She then worked in the United Kingdom where she obtained training in Obstetrics and

Gynaecology at various hospitals including Guy's and St Thomas' hospital in London. After obtaining her specialist qualifications - MRCOG (UK) and MMED (Singapore), she furthered and completed her advanced specialist training at the National University Hospital.

Her current practice at NUH includes all areas of general Obstetrics and Gynaecology. Her special interest lies in maternal fetal medicine. She is also an Assistant Professor at the Yong Loo Lin School of Medicine, NUS.

**DR E K TAN**

Senior Consultant

MBChB (UK), FRCOG (UK)

Dr E K Tan obtained his basic medical degree from the University of Manchester in 1997, graduating with honours. He completed his O & G training in the United Kingdom, and is an accredited specialist on the UK General Medical Council specialist register. His post-graduate qualifications included the Diploma of the Faculty of Family Planning (DFFP), Membership of the Royal College of Obstetricians and Gynaecologists (MRCOG) and the RCOG / Royal College of Radiologist Diploma in Advanced Obstetric Ultrasound.

During his registrar training in Glasgow, Dr Tan also completed the RCOG Advanced Training Skills Modules (ATSM) in Gynaecological Ultrasound imaging and Fetal Medicine at the prestigious Queen Mother's Hospital in Glasgow. He has also been an MOET (Management of Obstetrics Emergency and Trauma) instructor with the Advanced Life Support Group UK since 2003.

**DR ANITA KALE**

Consultant

MBBS (India), MD (India), MRCOG (UK), FRCOG (UK)

Dr Anita Kale completed her MBBS from Mumbai University, India in 1992 and obtained her MD (India) in 1995. Subsequently, she went on to work in UK and obtained her MRCOG in 1998. Dr Anita Kale has completed the advanced training in the speciality and is now a consultant. She received the FRCOG (UK) in 2010.

She looks after women in all age groups, from adolescent to elderly, who are seeking care for any gynaecological complaints. She also provides obstetric care to all pregnant women. Her special interest is in high risk pregnancy and fetomaternal medicine.

**A/PROF CHAN SHIAO-YNG**

Consultant

MBBChir (UK), MRCOG (UK), PhD

A/P Chan graduated in Medicine and Surgery from the University of Cambridge in 1995 and became a member of the RCOG (UK) in 2000. She completed her specialist training in O&G within the West Midlands, UK, then practiced as a Consultant Obstetrician, heading the Endocrine Antenatal Clinic at the Birmingham Women's NHS Foundation Trust, UK, until she joined NUH in 2014. Her special interest is in the management of pregnant women with medical disorders and she now conducts the high risk antenatal clinics at NUH.

She is also a Clinician Scientist who runs a research programme at NUS. Her particular research interest is in thyroid hormone action in fetal and placental development. She is also involved in clinical studies and trials of maternal endocrine status and pregnancy outcomes.

She is also a Clinician Scientist who runs a research programme at NUS. Her particular research interest is in thyroid hormone action in fetal and placental development. She is also involved in clinical studies and trials of maternal endocrine status and pregnancy outcomes.

**DR CITRA MATTAR**

Consultant

MBBS (S'pore), MMed (O&G S'pore), MRANZCOG (S'pore)

Dr Citra Mattar graduated from the National University of Singapore Medical School in 1999. She underwent basic and advanced specialist training on Obstetrics and Gynaecology at the National University Hospital and Kangang Kerbau Women and Children's Hospital.
