

ENDOMETRIOSIS AWARENESS CAMPAIGN 2018

Celebrate Womanhood with us this March as we put the spotlight on Endometriosis (pronounced en-doh-mee-tree-oh-sis) which affects about 10% of women of the reproductive age group. For women with fertility issues, this number can increase to 30 to 40%. Endometriosis is a condition which the tissue that lines the womb is found in areas outside it. This may result in painful and heavy menses, painful sex, infertility and ovarian cysts.

\$6
per ticket

\$10
for a pair

Movie screening: Tomb Raider

Dress in **yellow** and create fun memories at our photobooth during the pre-movie reception

Kickstart your movie treat with doctors from the NUH Women's Centre, who will share some important facts on Endometriosis. Sit back and let our on-screen heroine Lara Croft bring you on a journey to a mythical island where her father disappeared.

25 March 2018 (Sunday), 12.30pm – 5.30pm*
Shaw Theatre Lido, Level 5, Shaw House

*Exact screening time to be advised later.

combo.

Lunchtime talk on Endometriosis:

Battling the Silent Life Sentence

Join us for a 1-hour session to know more about the **causes, symptoms and treatment** options for Endometriosis. The session will end with a **Q&A session** which serves as a good opportunity to share knowledge and shed light on this condition.

Speaker: **Dr Anupriya Agarwal**, Senior Consultant,
Division of Reproductive Endocrinology & Infertility,
Department of Obstetrics & Gynaecology

28 March 2018 (Wednesday), 1pm – 2pm
Auditorium, Level 1, NUHS Tower Block
[1E Kent Ridge Road, Singapore 119228]

FREE
Admission
